

apaiser chosen as the #1 stone bathware supplier for the award winning Four Seasons Hotel Guangzhou

Global interior design leaders HBA, Hirsch Bedner Associates, set out to challenge perceptions of hotel design with the styling of the Four Seasons Hotel Guangzhou, a stunning new architectural landmark in China's southern provincial capital and the brand's 88th property worldwide choosing to showcase apaiser luxury stone bathware in each of its 344 rooms and suites. apaiser provided HBA with a perfect partnership. Synonymous with the extremely high design standards of HBA and Four Seasons apaiser delivered stunning bathware for the entire hotel that typify excellence across all areas of the operation, showcasing design quality and attention to detail.

2013 Hot List winner by Conde Naste Traveler, the Four Seasons Guangzhou is remarkable for both its soaring height and tapering avant-garde design and the newly opened hotel has become a new benchmark for interior design in Asia rising 103 stories above the Pearl River. Four Seasons Guangzhou was also recognised at the recent Hospitality Design Awards (HD Awards) where achievements of superior design and architecture in spaces around the globe are honoured for

- ; 'Best Luxury Guestroom / Suite',
- ; 'Best Luxury Public Space',
- ; 'Best Spa' and
- ; the highly coveted top award 'Best of Show'

apaiser's luxury reclaimed marble stone composite bathware is showcased in each of the 344 guest rooms, including 42 suites, that are among the city's most spacious accommodations. Designed with optimum performance in mind, all apaiser bathware is compliant with ISO quality management and IAPMO technical performance standards.

Given apaiser's international reputation for product certification in excellence it is no wonder apaiser is the stone bathware of choice for the world's leading hotels and resorts. Set between floors 74 and 98, guest rooms feature unobstructed views of the Pearl River Delta, the urban spectacle below, and the curvaceous new telecommunications tower across the river.

This stunning hotel is architecturally dramatic for its triangular tower, diagonal lattice and soaring, 30 floor high atrium. From the ground floor, guests take dedicated express elevators to the 70th floor lobby, where a dramatic three meter red steel sculpture by Australian artist Matthew Harding is displayed. The architect created amazing spaces for HBA to work with and this building stands out as a new design icon for both Guangzhou and for the Four Seasons brand.
